B. UNIVERSITY ACADEMIC PROGRAMS DEVELOPED AT JKUAT

While working as Director at the Institute of Tropical Medicine and Infectious Diseases, I was instrumental in proving academic leadership in the development of the following academic programs:-

1. **Bachelor of Medicine and Bachelor of Surgery** – During my tenure as Principal, I provided academic and administrative leadership in development of the Bachelor of Medicine and Bachelor of Surgery program already approved.

I was also highly involved in preparation of Jomo Kenyatta University of Agriculture and Technology for inspection by the Kenya Medical and Dentists Practitioners Board. JKUAT was inspected on the **26th of April, 2013 with success. The first 68 students were admitted in September, 2013.**

2. **Bachelor of Science in Clinical Medicine and Surgery** - Jomo Kenyatta University of Agriculture and Technology has an approved Bachelor of Science in Clinical Medicine and Surgery curriculum approved by the Clinical Officers' Council of Kenya. This was developed and implemented during my tenure as the Acting Principal of College of Health Sciences. I was highly involved in preparations of the College of Health Sciences for inspection by the Clinical Officers' Council of Kenya. The hosts approximately 120 students. **The first batch students were admitted in May, 2013.**
3. **Bachelor of Science in Nursing** - Jomo Kenyatta University of Agriculture and Technology has an approved Bachelor of Science in Nursing curriculum approved by the Nursing Council of Kenya. This was developed and implemented during my tenure as Director Institute of Tropical Medicine and Infectious Diseases. The program hosts approximately 150 students. **The first batch students were admitted in September, 2011.**
4. **Bachelor of Pharmacy** – JKUAT has an approved Bachelor of Pharmacy by the Kenya Pharmacy and Poisons Board. The program hosts approximately 210 students. **The first students were admitted in September, 2010.**
5. **Bachelor of Science in Physiotherapy** – The program was developed in 2010. The program hosts approximately 63 students. **The first batch students were admitted in May 2011.**
6. **Bachelor of Science in Public Health** – Jomo Kenyatta University became the first University to offer Bachelor of Science in Public Health. The program was developed in 2008 and hosts approximately 1,300 full time and part time students and it is recognized and approved by the Association of Public Health Officers of Kenya (APHOK). **The first batch students were admitted in May 2011.**
7. **Bachelor of Science in Community Health Development** - The program was developed in 2008. The program hosts approximately 60 students. **The first batch students were admitted in May 2009.**

C) COMPLETED AND GRADUATED PhD POSTGRADUATES SUPERVISED

1. Mustafa Barasa (PhD Molecular Medicine) **“Cytokine-CpG Motif Oligodeoxynucleotide Co-inoculation in the Murine Malaria Model.” (2016)**
2. LINUS Kirimu Ndegwa (PhD Epidemiology) **“Surveillance of Respiratory Viral Healthcare Associated Infections (RHA) amongst Inpatients in Selected Hospitals in Kenya.” (2016)**
3. JAMES Hungo Kimotho (PhD Molecular Medicine) **“Development of Elisa Lateral Flow Test Kits for Human Immunodeficiency Virus Guided by HIV ENU Gene in Kenya.” (2016)**
4. CHRISTOPHER Lumuli Imbaya (PhD Public Health) **“Maternal and Pediatric Adherence to Antiretroviral Treatment as a Predictor of the Children’s HIV Serological Status in Nairobi City County, Kenya (2016)**
5. SUSAN Gacheri Muriithi (PhD Public Health) **“Performance of Verbal autopsy in assessing deaths due to Tuberculosis in Siaya County, Kenya. (2015)**

G) REVIEW OF PROPOSALS AND JOURNALS

1. I have been a Peer Reviewer of Masters, Ph.D. and Postdoctoral proposals under the Science and Technology Innovation grant for the National Council for Science and Technology. (JAGST)
2. I am also a reviewer of the Journal of Agriculture Science and Technology, JKUAT.

H) ACADEMIC EXCHANGE

I have been to University of Wales Institute, Cardiff as a visiting Scholar in the school of Public Health for a period of 2 months.
